Digest #91

Idea Fab Labs is building out their new maker space on the Westside. MakersFactory, now headquartered on the Cabrillo campus, has a new partnership with Campbell Union School District. The community is invited to the 16th Annual Bioengineering Symposium. And, find out who thinks Looker is cool besides Santa Cruz. All this, and more, below.

Two of SCTB's most popular pages are our JOBS page (including INTERNSHIPS) and our EVENTS page. I update them continuously throughout the week.
