How many of you remember Ms.? Back in the day, the popular magazine was considered to be "a voice for women by women, a voice that had been hidden from and left out of mainstream media." One of today's articles -- It's Computer Science Education Week: Do You Know Where the Girls Are? -- written by ETR Senior Researcher Jill Denner -- was recently published in Ms. Very cool, Jill.

Have you noticed we haven't published any news from Buoy (Resideo), Inboard, or YaDoggie recently? There's a reason (three reasons, actually).

As usual, there's more. Scroll down and see what's up.
