# SANTA CRUZ TECH BEAT

The go-to source for Monterey Bay tech

## Digest #260

Did you know Logitech was in negotiations to buy Plantronics? Well... not any longer. We have two special reports from Monterey Bay Economic Partnership's 4th Annual State of the Region: one about drone development and production in our region -- *Drone Hub?* -- and the other about key findings from a regional broadband speed study. Two Pore Guys received a \$2.8M grant from the Gates Foundation to develop a low cost molecular diagnostic test for tuberculosis.

As usual, there's more! Scroll down and starting reading.
